WORK EXPERIENCE

- WebAlive

Melbourne, Australia (Remote)

Software Engineer Intern

Mar 2026 – Present

- Developed and debugged Operon, a Vue 3 + Vite frontend application featuring Kendo UI components, Pinia state management, and SCSS, contributing to a modular codebase across multiple business domains.
- Developed Cortex AI Playground, a full-stack demo app built with Django 5, Vue 3, and the Exsited Python SDK, featuring an AI-powered chat assistant and a REST API covering accounts, orders, invoices, and payments with JWT authentication.
- Designed 12 sterilisation request form mockups for Steritech's client portal, digitizing their manual PDF-based intake process and providing clients with an intuitive, streamlined submission experience across different product categories.
- Conducted a comprehensive SDK audit and documentation overhaul across multi-language repositories (Python, PHP, .NET) for projects integrating the Exsited platform API, identifying gaps and authoring fixes to API and function-level documentation.

- Sportradar

Brisbane, Australia

Data Journalist

Jan 2026 – Apr 2026

- Capture and verify real-time sports data for live broadcasts, statistics, and analytics platforms.
- Ensure accuracy, consistency, and compliance with editorial and data quality standards.
- Communicate with remote operations teams to resolve discrepancies during live events.

- IMG ARENA

Brisbane, Australia

Data Collector

May 2025 – Dec 2025

- Monitor and record live sporting event data in real time using IMG ARENA's proprietary data collection platform.
- Communicate with remote teams to resolve issues and maintain quality standards during live operations.
- Maintain focus and consistency during fast-paced match environments, contributing to the global sports data ecosystem.

EDUCATION

- University of Queensland

Brisbane, Australia

Bachelor of Information Technology

Feb 2023 – Jan 2025

- Software Information Systems Major
- **Relevant Coursework:** Advanced Database Systems, Web Information Systems, Web/Mobile Programming, Data Science, Information Analysis and System Design, Numerical Methods in Computational Science.

- Universitas Indonesia

Depok, Indonesia

Bachelor of Computer Science

Jul 2020 – Feb 2025

- **Relevant Coursework:** Artificial Intelligence and Data Science, Database, Data Structure Algorithm, Design and Analysis Algorithm, Platform-Based Development, Software Engineering, Advanced Programming, Human-Computer Interaction.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript, PHP
- **Frameworks & Tools:** Spring Boot, Django, React, Flutter, CodeIgniter
- **Design Tools:** Figma and Canva
- **Database Management:** PostgreSQL, SQL
- **Cloud & DevOps:** AWS, CI/CD, REST APIs, Git
- **Web Technologies:** HTML, CSS, JavaScript
- **Soft Skills:** Problem Solving, Communication, Time Management, Quick Learning
- **Languages:** Bahasa Indonesia & Javanese – Native, **English** – Fluent, **Spanish** – Limited Working Proficiency

PROJECTS

Ourverse – Couples Shared Space App (2026)

- Built a full-stack couples web app with Next.js App Router, Supabase, and Tailwind CSS v4, featuring a two-sided multi-currency expense ledger, shared bucket list with random picker, memories log, and a date calendar with realtime sync between partners.

- NontonNyaman – Accessibility-Focused Navigation App (2024)

- Developed a mobile app to improve navigation for users with mobility impairments. Managed backend services using Django and PostgreSQL.

- MenuScanOrder – QR Code-Based Restaurant Ordering System (2024)

- Created a scalable SaaS platform for digital menus and order management using CodeIgniter (PHP) and PostgreSQL. Developed the front end with HTML, CSS, and React JavaScript. Included real-time tracking and an admin dashboard.

- iSavelt – Personal Finance Management App (2022)

- Built a Django + PostgreSQL backend for tracking budgets and expenses. Integrated CI/CD for smooth deployment, focusing on data security and user-friendly design.

LICENSES & CERTIFICATIONS

- Meta Front-End Developer – Meta | Issued Oct 2025

- **Credential ID:** 4W4ZO5LW9KQH
- **Key Skills:** React.js, HTML, CSS, Figma, UI/UX

- IELTS Academic | Issued 18 Dec 2024

- **Overall Band Score:** 8.0
- **CEFR Level:** C1
- **Test Report Form (TRF) Number:** 24AU513224SUKR467G
- **Listening:** 8.5 | **Reading:** 8.5 | **Writing:** 7.0 | **Speaking:** 7.0
